

PLANTATION DRIVE AT BHAVANS COLLEGE

Eco Club and NSS Unit of Bhavans Sheth RA College of Science Ahmedabad collaborated with Ahmedabad Municipal Corporation (AMC) to organise a plantation drive on 5th August 2024. This event was supported by AMC's project **Mission 3 Million Trees** under **"Ek Ped Maa Ke Naam"** campaign. In spite, of incessant rains, the staff and nearly 120 students participated enthusiastically, planting various medicinally important trees like Saptparni, Siras, Garmalo, Gulmohar, Neem etc on the campus. The students were inspired by the presence of RJ Aditi Raval who encouraged them to maintain a clean environment and plant more trees. Bhavans College is proud to collaborate and contribute to this environment friendly initiative of AMC.
