

Educational visit to Adani (Project Udaan), Mundra Port

DATE: 4th September 2025

VENUE: Mudra Port

Students of B.Sc. Chemistry (Major) from Bhavan's Sheth R. A. College of Science, Ahmedabad, accompanied by Prof. J. S. Rana, Dr. H. C. Vagadiya, Dr. B. A. Makwana, and Dr. K. M. Swami, undertook an educational visit to the Adani Solar, Wind, Power, Ports & SEZ facilities, as well as the Wilmar plant, to understand production channels, operational systems, and manufacturing processes. The students also visited Project Udaan at Mundra, Gujarat, as part of their academic exposure programme. This visit enabled them to meaningfully connect theoretical knowledge with real-world scientific and industrial applications.
