

Educational Visit of Cyber Club (2025–26)

DATE: 29th January, 2026

VENUE: Shri Narnarayan Shastri Institute of Technology, Jetalpur,
Ahmedabad

The Cyber club member of the college visited the Department of Cybersecurity and Forensic Science of Shri Nar Narayan Shastri Institute of Technology (NSIT), Jetalpur, Ahmedabad. The visit aimed to provide students with practical exposure and understanding of the cyber frauds rampant in the society.

Twenty-two students enthusiastically participated in the visit, accompanied by Dr. Jigna Panchal and Dr. Archana Srivastava (Cyber Club Coordinator) whose guidance and support made the academic tour well-coordinated and meaningful. The seminar commenced with an engaging session on Forensic Science conducted by Dr. Geeta Gupta (Head of the Department, Forensic Sciences). She elaborated on the fundamental principles of forensic investigation and emphasized on the growing importance of digital evidences.

The second session focused on Cybersecurity, delivered by Dr. Vinay Aseri, who provided comprehensive insights into the evolving landscape of cyber threats. He explained various types of cybercrimes such as phishing, ransomware attacks, identity theft, malware infections, and domain hacking. He also demonstrated how hackers exploit vulnerabilities in systems and networks. Dr. Aseri spoke about the importance of cybersecurity awareness, strong password management, encryption techniques, firewalls, and regular system updates as preventive security measures. He further discussed emerging technologies such as drones and their security implications, along with methods used in hacking domains and protecting digital infrastructure. The session also highlighted the increasing demand for cybersecurity professionals and the wide range of career opportunities available in this domain. The talk was interactive, allowing students to ask questions and clarify their doubts.

The practical explanations and real-world case discussions made the sessions highly engaging and informative. It significantly enhanced our understanding of the interdisciplinary connection between forensic science and cybersecurity in combating modern crimes. The principal and staff of Shri Nar Narayan Shastri Institute of Technology extended a warm and gracious welcome to our group. The visit was well-organized, and the arrangements ensured a comfortable and smooth experience for everyone.

Overall, the visit proved to be highly enriching and educational. It strengthened our practical understanding of forensic science and cybersecurity while motivating students to explore these emerging and impactful career fields. The Cyber Club expresses its sincere gratitude to the Management, Principal and Staff of NSIT for conducting such an enlightening and professionally enriching seminar.
